Expected Inputs Through End CY 1961

25X1

At the last Operations Board meeting, the SIO's expressed concern over the fact that they really had no appreciation as to what might be expected in the form of film to be exploited during the next six months. They have to plan leave, etc. for their personnel too, therefore I wonder if you could possibly make up a tabulation as shown below without getting involved in the systems, etc.

Please let me have by COB 25 July 1961.

DATE EXPECTED	NO. FEET OF FILM	RESOLUTION	SCALE	GROUND RESOLUTION	REMARKS
(Time span could be over period of 1 week)					(Quality)

25X1
